

Notice from Island Health regarding Grade 6 Immunization Clinics

Grade 6 students who would normally have completed their immunizations at school in the spring are now due for their second doses of vaccine. If NSMS students were not able to attend the clinic at the school on June 15th, Public Health Nurses from Island Health have partnered with Saanich Baptist Church (SBC) to ensure we offer this essential service at an alternate location. Please attend one of the below clinics:

We thank you for helping us to keep your child's immunizations up to date. If you have any questions, please contact your school's Public Health Nurse at the Peninsula Health Unit 250-544-2400.
